# Time Line for MPI 4.1

## **Goal was for a quick turn-around MPI 4.1**

- Consistent and cleaned-up document
  - Reminder: need chapter fixes for terminology and term changes
- Errata and small fixes

## **We should fix the timeline in September and hence by end of mid July**

- All WGs: Discuss what they consider gating for MPI 4.1
- All CCs: Check on outstanding updates needed their chapters
- All: Check CC memberships and interest
- All: Check: <https://github.com/mpi-forum/mpi-issues/projects/3>

Initial discussion in Virtual meeting on July 20th, 2022

Final list of topics and updated CCs in September

# Next Meeting: 9/28-9/30

## Hybrid Meeting: Chattanooga or Online

- According to rules: still exceptional virtual meeting
- Plenaries run as usual, likely 9/29-9/30
  - Note: All day US ET
- WGs can be scheduled as needed/fitting hybrid or in person
  - Need updates/requests from WG chairs
  - If timing and rooms allow, we can also be flexible here
- EuroMPI 9/26-9/28
- Will avoid obvious conflicts with IWomp (9/28-9/30)
  - For example: shared keynotes

For registration and local logistics, follow EuroMPI

# Options for meeting schedule after that

~~Go back to “in Person” (4x per year)?~~

~~Mix of 2x in Person (Spring/Fall) and 2x Virtual (1/3 in poll)~~

~~Only 1 in Person per Year with EuroMPI (2/3 in poll)~~

~~Stay fully virtual, no “in Person” meetings at all?~~

## In general:

- For in person meetings: allow virtual attendance?
- Do we need changes to quorum and voting rules?
- Is 4x per good enough for voting meetings?

Likely should update rules document, once we have consensus

# Typical cadence would mean

## **Winter meeting, virtual**

- December 5-8, 2022

## **Spring meeting, open, tbd. In September**

Need potential hosts with good V/C equip.

- February 27-March 2, 2023

## **Summer meeting, virtual**

- May 29-June 1, 2023

## **Fall meeting**

- September with EuroMPI, to be done
- Should we link us to IWomp more long term?

**(DATES ARE SUGGESTIONS, NEED CONFLICT CHECKS)**
